Controlled growth

The activity for the 1st quarter 2013 stands at €26.4 million, up by 24 %.
Like for 2012 (+23 %), growth is completely organic.

Once again SOGECCLAIR demonstrates its ability to control a sustained progression in its activity.

Activity of the divisions

Turnover for the quarter is as follows:

Aerospace Division (88 % of group activity): €23.27 million, at 27.9% was marked by:

- further step forwards in the integration of its engineering subsidiaries, all countries taken into account,
- dynamic commercial activity and record number of orders won for a first quarter,
- growth of activity in France, Spain and Germany.

Vehicle Division (2.2 % of group activity): stable at €0.57 million.

The quarter was marked by a staggering of projects in the military sector.

Simulation Division (9.7 % of group activity): €2.56 million, up by nearly 3 % and marked by:

- buoyant pre-sale activity in North America, Asia, the Middle East and France,
- winning of a first contract in the area of infrared simulation with real equipment for the South Korean Ministry of Defence.

Perspectives

SOGECCLAIR confirms its long-term plan to hire 400 people and adapt its organisation to support its growth. The good performance in Q1 in terms of turnover and orders, as well as the favourable perspectives, confirm the anticipated growth announced at the beginning of 2013.
